

# JANUARY NEWS LETTER

It is with a grateful heart and much joy that we wish you all the best for this New Year 2014. May the Lord help us all to work for Him and may we be used to bring souls to Christ. We started the year with a gift of a video projector that we needed and had been asking the Lord for and with this equipment we organized a 5 day evangelistic program and presented the gospel in a very inaccessible village. After the 5 days of services we are pleased to report that 52 people gave their lives to Jesus Christ. We also made a trip into Burkina Faso to meet with radio stations in that country to convince them to begin broadcasting our Christian programs to this region of Sub-Saharan Africa.

*We would like to share with you some feedback from listeners and followers with this first News Letter of 2014.*

## **Andre' from Togo**

I was about to divorce my wife because every day she did what annoyed me. I decided that the following day I would ask her to leave my house and go to her parent's village. I would give her money and it would be over between us because our cohabitation had become unbearable. That night I finished listening to the news on my radio and by chance tuned a station broadcasting your program on the family. The presenter and his guest were talking about me and about my marriage and their every word spoke to my situation. At the end of the program the guest prayed for me and urged me not to separate from my wife and prayed that God would restore my marriage. I cried a lot that night. It has been over a year since I expected God's intervention in my marriage and I thank Him because he rescued me the day before my disaster occurred. I would like to have the complete copy of your program on "The Christian Family Life" I ask for you to pray for my marriage.

Note: This couple was directed to a Pastor and they are together. This couple has repented of their sins of infidelity and Andrew and his wife are reconciled and live in a joyful marriage.

## **Alassane from Benin**

I was very desperate after losing my job. I have been unemployed for two months and the devil began to convince me that God had forgotten me and did not care about me. I even thought about stopping to go to church and go to do little jobs on Sunday. This morning I received your SMS Meditation Verse: Isaiah 49:15. Thank God and God bless you for the work you do.

## **Jean Claude from Togo**

My radio station never had enough money to send staff for training so we were lacking in our professional skills and proper understanding of studio operation. Son of Hope Mission provided a few days of training and I along with my colleagues was overwhelmed. We now have enough knowledge to deal with small technical issues as we spread the Gospel through radio. I pray that this training is not the last but that such training is regularly organized to better equip us.

## **Prayer Requests:**

- 1- Pray that God will provide financial resources, supporters and partners.
- 2- Pray that God bless workers who are involved with us in church planting among the Fulani People.
