

I had enrolled to follow this audio Bible study program out of curiosity because I wanted to hear what Christianity says about God because as good Muslims we knew that Jesus was a prophet and not the son of God.

Gradually, as we was progressing in Bible study I was overcome by fear, fear of having lived 3/4 of my life in error. I hoped with all my heart that by continuing to study the Bible I will finally discover that even being a Muslim I could go to heaven. But I have discovered that the only way that goes to God is Jesus. When I realized that, I gave my life to Jesus and he reassured me. Now I live in the assurance of salvation. I do not expect may be saved, I am persuaded of my salvation because Jesus has already paid for my mistake and I am saved by grace.
